

HIGH ROLLER OF THE YEAR BREAKDOWN

WHAT'S AT STAKE?

- The High Roller of the Year will determine a season-long champion through results in Poker Central's lineup of high stakes events.
- Point multipliers will be applied during major tournaments, adding even more importance to High Roller Triple Crown™ events.
- The player of the year program will award its top, consistent performers with a variety of prizes on an annual basis, including automatic seats into that year's Super High Roller Bowl.

OVERVIEW

After high stakes poker at ARIA Resort & Casino entered into a new era with the debut of the PokerGO Studio, Poker Central has created the first-ever player of the year program made exclusively for High Rollers. The High Roller of the Year award will include results across Poker Central's entire portfolio of high stakes events, including the ARIA High Roller Series and the High Roller Triple Crown™ comprised of the Poker Masters, U.S. Poker Open, and Super High Roller Bowl.

Throughout the year, players earn points on every cash in each event, with point multipliers being applied to larger buy-in events and major tournaments. The High Roller of the Year will award its top, consistent performers with a variety of prizes on an annual basis.

The points leader at the conclusion of the year will receive rake-free entry into all of the following year's ARIA high roller events, and the top five point leaders at the time of the Super High Roller Bowl lottery will receive automatic seats into that year's event. Additional prizing and rewards from Poker Central and their partners will be announced throughout the year.
